

# D CLASS PREMIUM AMPLIFIER FPX 4.800

MODE 4/3/2 CHANNELS - POWERFULL AND COMPACT

- High performance compact heat dissipation chassis.

- High power and current dynamic reserve.

- Audio Mos-Fets - Optimized efficiency.

## KEY POINTS

- D class 4/3/2 Channel amplifier
- Stable under 2 Ohms
- Audio Mos-Fets - Optimized efficiency
- High performance compact heat dissipation chassis
- High power and current dynamic reserve

## TECHNICAL SPECIFICATIONS

**D Class amplifier - 4/3/2 channels**

**CEA power (4 ohms):** 4x120 Wrms

**Maximum power (2 ohms):** 4x185Wrms

**Maximum power (bridged 4 ohms):**

2x370Wrms

**Bandwidth:** 10Hz - 20KHz

**Total harmonic distortion:** 0.01%

**SNR (1W/A):** >76dBA

**Configurable filters High Pass / Low Pass :**  
50Hz-500Hz

**Bass boost:** (0/12dB)

**Mirroring Mode:** (4CH/2CH)

**Full range function**

**Protections:** Short circuit / low impedance / reversal of polarity / DC / power drop / heat protection

**Dimensions (LxHxW):**

92<sup>1/64</sup>x51<sup>3/64</sup>x2<sup>3/32</sup>" (237x132x53mm)
